Dear Chairman Granger and Ranking Member DeLauro,

I am requesting funding for the Marysvale Town Culinary Water Improvements Project in fiscal year 2024. The entity to receive funding for this project is Marysvale Town, located at 215 North 100 West Marysvale, Utah 84750. The funding would be used for constructing a well house, developing a new spring source; installing 5,000 feet of 8" diameter transmission line; replacing existing/failing pressure reducing valves (PRVs), replacing 12,000 feet of undersized distribution pipe with 8" diameter pipe and installing 7,700 feet of new 8" diameter distribution pipe to loop the existing system, improve fire flows, eliminate long dead-end section pipe and water stagnation. The project is an appropriate use of taxpayer funds because Beneficiaries of the water project would be the residents of Marysvale Town. The project would ensure the residents of Marysvale Town a safe and reliable drinking source. Marysvale is also the recreation HUB of Piute County. The project would ensure that the tourism industry, that is so vital to Marysvale's economy, may continue to thrive and help sustain Marysvale Town. The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chris Stewart  
Member of Congress
